Chapter 1 by Panda Talks

I'm an inmate on Januke island prison in Hawaii. Me and 4 other inmates are going to do something no one has ever pulled off in this prison. We are going to esape.

Chapter 2 by ArammarA

But, first, we needed what all successful escapees had.

A catchy theme song.

Chapter 3 by PuppyLover

So we tried, and this is what we got.

Here we are the Januke crew,
We are made to fight until we are through,
We will escape this horrible place,
And soon we will be made new.

That was one of the form me and my friends made up when we first heard that song. I felt like the time was sickening. But still... See more of Story Wars

A massive thank you to Ratty Hall - Poco

Whatever... More important than the theme song and a mascot is having a *plan*. yes, we seemed to have forgotten the most essential part of this whole thing!

Chapter 5 by Nathan Zilora

So, after checking a bunch you tube videos, I decided to steal a plan from that, now all we need now, is a escape music

Chapter 6 by Adam Boulton

"I want to break free... I want to BREAK. free.... God knowsssss. God knows I want to break free..."

And so we had our plan. All that was left now was to make the actual escape!

Chapter 7 by PossiblyMaybeMe

After memorizing the plan we stole from youtube and some tips from wikihow, we tried to escape. Exactly following the youtube video we found online, we were successfully escaping. However, when we were about to escape the prison (we were right next to the exit), Mitch pointed out that we hadn't picked out a mascot yet. He claimed having a mascot was essential. The rest of us agreed. So, we all went back to our cells and decided to pick a mascot. However, none of us could agree on a mascot, so we decided to call it a day and pick one tomorrow. And maybe escape if we had time.

Chapter 8 by Hanna Tolander

After four hours of arguing we decided that the only mascot that no one really hated (at least) was - a cheetah.

Also, cheetahs are fast. And we needed speed. If our escape was to work, then we had exactly 14 minutes to spend before we had to get going.

It's almost enough time for a quick change.

I'm not sure about the last bit though...
